GOES OUT OF THE 1981 MODEL YEAR BUSINESS

WELL OVER 100 DISPLAY TV's MUST BE SOLD

Was our showroom floor full of RCA color TV on Jan. 1? Not for a huge fraction of the new '82 line which is now being flown to us from the factory.

The display and back-up has arrived as well, and now must be sold at a drastically reduced price to make room for the hundreds of TV's we will carry next year. Now we must sell 100 color TV sets, and we will do it by making you the most unbelievable offer we have ever made in our 35 years of merchandising. In some cases, these sets are less than dealer cost. But that is the decision, and these sets must be sold.

Unlike other company sales, we will be open on Labor Day. And that's not all. Every set comes with our full GUARANTEES. Rest assured that you will be able to see our prices are the lowest you've ever seen. Come early, SELECT YOUR PRICE, SAVE HUNDREDS. Since we are a full service dealer, we have repeat customers year after year. We want to be your convenient store for free and prompt service after the sale is over. Remember, we are not just selling TV's, we are selling a full line of RCA products. We appreciate your business and we want you to be happy with your purchase.

Steve Stayed out in the hot sun too long. Something must have snapped. Next thing we know, Steve went bananas and tore down the price tags, ripped up the profit wheel, and peeled down the prices.

When he fell out of his tree, he must have landed on his head. Nobody has seen prices under $300 for an RCA big screen portable TV in many years, but wild and wooly Steve has done it!! Likewise for all kinds of XL-100 and Color Trak.

Steve flipped... "Nobody in his right mind would dare publish prices this low." To avoid a riot, only three samples are being shown here. It would be crazy to list 'em all.
